

*We love the town of Hope, NJ and its historic architecture,
but what do we really know about the history, music and faith of
the Moravians who first settled here?*

*The Moravian Music Foundation invites you and your family
to attend an evening of Moravian History & Music*

Call 908-459-4340 for additional details

The Unitas Chorale, under the direction of Jill Bruckart, resident of Hope NJ, was formed in 1996 with the support of the Moravian Music Foundation to provide an outlet for Lehigh Valley, PA, area Moravians to learn and perform Moravian Music, both old favorites and newly edited works from the archive collections. The Unitas Chorale has been privileged to debut newly composed or arranged works from contemporary Moravian composers, works by composers who utilize beloved Moravian hymn tunes, and works by those who have a close association with Moravian institutions. The Chorale is an all-volunteer organization, and has benefited from the talents of many gifted musicians as they honor our musical heritage. Participants are both Moravians and other friends from the surrounding communities. 18th Century composers such as Gregor, Reissinger, Hagen and Wolle share the stage with more recent composers such as Warner, Kroeger, Bates and Henkelmann in our program scheduled for May 6, 2007 at 8:00 PM at St. Luke's Episcopal Church in Hope NJ (908-459-4340). A pre-concert talk will be offered at 7:30 reflecting the life of the Moravians in Hope, their ongoing witness, and the influence of Moravian Music. The concert is free of charge. An offering will be taken for the St. . For more information about the Moravians and their music, visit www.moravianmusic.org .
